# OUR STORY

CHAIOM means tradition, health and happiness. We believe to create an infusion of Indian culture into our teas – which are handpicked, sustainable and timeless. We take an approach of creating joy and refreshment into your life. Tea is a culture and we ensure every tea consumer has right to celebrate it with each sip.

The idea behind the whole setup is to enlighten the consumer about the benefits of Tea and Honey thereby encouraging them to adopt a healthier lifestyle and wellbeing!

We propagate how to live a healthy life by involving tea in your routine. When it comes to tea we are your one-stop solution- be it tea for your consumption or your family, gift it to your clients, relatives & friends.

Tea & Honey are the perfect couple and we have married the two to bring the ultimate bliss in every cup.

**CHAI + OM = CHAIOM**

**MADHU + OM = MADHOM**
